AN ACT relating to public health; increasing the percentage of certain money received by the State to be allocated to the Fund for a Healthy Nevada; revising provisions relating to the allocation of money in the Fund for a Healthy Nevada; eliminating the Trust Fund for Public Health; providing for the transfer of money remaining in the Trust Fund for Public Health; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Trust Fund for Public Health receives 10 percent of all “tobacco settlement” money, which is that money received by the State pursuant to any settlement entered into by the State and a manufacturer of tobacco products and money received by the State pursuant to any judgment in a civil action against a manufacturer of tobacco products. The Trust Fund for Public Health uses interest and income earned on that money to fund grants for programs relating to public health. (NRS 439.605) Additionally, 50 percent of all tobacco settlement money goes to the Fund for a Healthy Nevada and is then allocated to various other programs relating to public health in amounts or according to percentages of available revenues set by statute. (NRS 439.620, 439.630)

This bill eliminates the Trust Fund for Public Health and provides for money in the Trust Fund for Public Health to be transferred to the Fund for a Healthy Nevada. This bill also increases to 60 percent the share of tobacco settlement money allocated to the Fund for a Healthy Nevada. Additionally, this bill removes the provisions setting the percentages of available revenues to be allocated from the Fund for a Healthy Nevada on specific programs and instead requires the Department of Health and Human Services to propose a biennial plan for the allocation of money for those programs. The plan must be submitted as part of the proposed biennial budget of the Department. In preparing the plan, the Department shall consider recommendations submitted by the Grants Management Advisory Committee, the Nevada Commission on Aging and the Nevada Commission on Services for Persons with Disabilities. Finally, this bill removes certain programs relating to the prevention, reduction and treatment of tobacco use from the list of programs for which money in the Fund for a Healthy Nevada must be allocated.
