AN ACT relating to energy; revising certain provisions governing the administration of the Fund for Renewable Energy, Energy Efficiency and Energy Conservation Loans; authorizing the Director of the Office of Energy to make loans from the Fund to qualified applicants for the construction of an energy efficiency project or an energy conservation project, ~~for~~ or for the construction, expansion or operation of a renewable energy system or for the manufacturing of components of a renewable energy system; authorizing the Director to use the interest earned from money in the Fund to defray certain costs and expenses; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

1 Existing law establishes the Fund for Renewable Energy, Energy Efficiency and Energy  
2 Conservation Loans and authorizes the Director of the Office of Energy to make loans from the Fund for the construction of certain renewable energy projects. (NRS 701.545-701.595)  
3 **Section 8** of this bill expands the scope of financial assistance available from the Fund to  
4 include loans to qualified applicants for the construction of energy conservation projects ~~and~~  
5 , the construction of energy efficiency projects or for the manufacturing of components  
6 of a renewable energy system, in addition to loans that are currently available to owners or  
7 operators of renewable energy systems for the construction of renewable energy projects.  
8 **Section 8 additionally excludes from participation in the loan program applicants who**  
9 **have received money for the energy efficiency or energy conservation project from**  
10 **another governmental entity and authorizes the Director to use the interest earned from**  
11 **money in the Fund to defray certain costs and expenses.** **Section 4** of this bill expands the  
12 scope of financial assistance available from the Fund to include loans to qualified  
13 governmental entities and other applicants for the construction, expansion or operation of  
14 renewable energy systems or for the manufacturing of components of a renewable  
15 energy system.
