AN ACT relating to health care; requiring the Health Division of the Department of Health and Human Services to apply certain standards in determining whether to approve an amendment to a license to operate certain medical facilities to add certain services to the license; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the State Board of Health is required to adopt regulations for the licensing standards governing certain medical facilities and other related facilities. (NRS 449.037) Existing law further provides for the Health Division of the Department of Health and Human Services to issue a license to an applicant who meets the requirements set forth in statute and regulation. (NRS 449.080) Existing law requires a licensee who has a license to operate a facility to obtain the approval of the Health Division to amend his or her license to add certain services to the license. (NRS 449.087) **Section 4.5** of this bill requires the State Board of Health to adopt standards for determining whether there are an adequate number of cases in the community to be served to support approving an amendment to a license and requires the Health Division to apply those standards in making a determination of whether to approve amending the license to add any such service.
