Legislative Counsel's Digest:

Under existing law, the Nevada Gaming Commission and the State Gaming Control Board are required to administer state gaming licenses and manufacturers', sellers' and distributors' licenses, and to perform various acts relating to the regulation and control of gaming. (NRS 463.140) **Section 2** of this bill authorizes the Commission to provide by regulation for the operation and registration of hosting centers, which will serve as centers for the operation of certain gaming systems. **Section 3** of this bill authorizes the Commission to provide by regulation for the licensing of service providers, who will generally: (1) perform certain services on behalf of another licensed person who conducts nonrestricted gaming operations or an establishment licensed to operate interactive gaming; or (2) provide services or devices which patrons of licensed establishments use to obtain cash or wagering instruments.

Existing law also provides that if the Commission approves the issuance of a license for gaming operations at the same location, or locations if the license is for the operation of a slot machine route, for the purposes of certain taxes or fees, the gaming license shall be deemed transferred within 30 days following certain changes in the business entity, and the previously licensed operation shall be deemed a continuing operation. (NRS 463.386) **Section 7** of this bill removes the requirement that certain changes in the business entity must occur before the license may be deemed transferred, and instead provides that if the Commission approves such an issuance of a license, the Chair of the Board, in consultation with the Chair of the Commission, may administratively determine that the gaming license is transferred and the newly licensed operation is a continuing operation.

Additionally, existing law requires every limited partner of a limited partnership and every member of a limited-liability company that holds a state gaming license to be licensed individually. (NRS 463.569, 463.5735) **Sections 8 and 9** of this bill revise this requirement. **Section 8** provides that: (1) only limited partners with more than a 5 percent ownership interest in a limited partnership must be licensed individually; and (2) a limited partner generally must register with the Board if such a limited partner holds a 5 percent or less ownership interest in a limited partnership and holds or applies for a state gaming license. **Section 9** applies such requirements to members of a limited-liability company.

Existing law further provides that it is unlawful for a person at a licensed gaming establishment to use or possess with the intent to use a device to assist in projecting the outcome of a game, keeping track of cards played, analyzing the probability of the occurrence of an event relating to a game or analyzing the strategy for playing or betting to be used in a game. (NRS 465.075) A person who performs or attempts to perform any such actions is guilty of a category B felony. (NRS 465.088) **Section 12** of this bill describes in more detail the types of devices that are unlawful, and provides that it is also unlawful to assist another person in using or possessing with the intent to use any such device. **Section 12** also specifies that the use of any such device is only unlawful when such use provides an advantage to a person participating in or operating a game.

Existing law also provides that it is unlawful for a person to perform certain actions relating to gaming without having first procured, and thereafter maintaining, all required gaming licenses. (NRS 463.160) A person who willfully violates, attempts to violate, or conspires to violate such provisions of law is, with certain exceptions, guilty of a category B felony. (NRS 463.360) **Section 5.5** of this bill additionally provides that it is unlawful for a person to operate as a cash access and wagering service provider without having procured and maintained all required gaming licenses.

Finally, existing law authorizes the Commission to adopt regulations governing the licensing and operation of interactive gaming and requires that any such regulations include certain provisions. (NRS 463.750) **Section 11.5** of this bill additionally requires that any such regulations must: (1) establish the investigation fees for a license for a service provider to perform certain actions on behalf of an establishment licensed to operate interactive gaming; (2) provide that a person hold a license for a service provider in order to perform such actions; (3) set forth standards for the suitability of a person to be licensed as a service provider; and (4) set forth provisions governing the licensing requirements for a service provider and certain fees that a service provider may be required to pay.

Section 4 of this bill authorizes the Board to take certain actions without the approval of the Commission with regard to: (1) certain operational activities and functions of the Board; and (2) establishing a plan by regulation concerning certain personnel provisions. **Section 5** of this bill requires the Commission to post a notice on its website regarding any meeting at which the adoption, amendment or repeal of a regulation is considered, and **section 6** of this bill removes the provision from existing law which requires the Chair of the Board to present a claim to the State Board of Examiners after an expenditure of money from the State Gaming Control Board Revolving Account. **Sections 10 and 11** of this bill revise provisions concerning certain documents of a publicly traded corporation that holds a gaming license with which the Commission must be provided a copy under existing law.

Section 14 of this bill repeals provisions relating to the Account for Investigating Cash Transactions of Gaming Licensees.
