EXPLANATION – Matter in **bolded italics** is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to motor vehicles; increasing the membership and revising the duties of the Advisory Board on Automotive Affairs; establishing certain qualifications for membership on the Board; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The Advisory Board on Automotive Affairs consists of seven members appointed by the Governor. One member represents the Department of Motor Vehicles, the general public is represented by two members, and body shops, automobile wreckers, garages and salvage pools are each represented by one member. The Board's duties include: (1) studying the regulation of the businesses and industries that are represented on the Board; (2) analyzing and advising the Department with respect to consumer complaints relating to those businesses and industries; and (3) making recommendations to the Department for regulations or legislation concerning those businesses and industries. Before each regular session of the Legislature, the Board prepares a report of its activities and recommendations for submission to the Governor and the Legislature. (NRS 487.002)

This bill increases the membership of the Board to 10 members. Three new members are added, one to represent each of the following businesses or industries: (1) authorized emissions stations; (2) insurers of motor vehicles; and (3) new or used motor vehicle dealers. This bill also establishes certain qualifications for membership on the Board. Every member must have been a resident of this state for at least 5 years immediately preceding his or her appointment. This bill also requires that at least one of the two members appointed to represent the general public be a resident of a county whose population is less than 55,000 (currently counties other than Clark and Washoe Counties and Carson City). In addition, each member appointed to represent a business or industry must hold the appropriate license or registration to engage in that business or industry and must have been actively engaged in that business or industry for at least 3 of the 5 years immediately preceding his or her appointment. Finally, this bill requires the Board

25 to extend the scope of its existing duties to include all the businesses and industries
26 that are represented on the Board.
