EXPLANATION – Matter in *bolded italics* is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to education; revising provisions governing plans for responding to a crisis in public schools of school districts, charter schools and private schools, so that such plans also address responding to an emergency; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law requires the board of trustees of each school district, the governing body of each charter school and the governing body of each private school to establish a development committee to develop a plan to be used by each public school of the school district, each charter school and each private school in responding to a crisis. (NRS 392.600-392.656, 394.168-394.1699) This bill revises the duties of each development committee to also require that such a plan address responding to an emergency. **Sections 2 and 13** of this bill define the emergencies which such a plan must address, including an occurrence or threatened occurrence requiring action to save lives, protect property or to protect the health and safety of persons on the property of a public school or private school, at an activity sponsored by the school or on a school bus. **Sections 6, 7, 17 and 18** of this bill require the development committee, when developing and updating the plan for responding to a crisis or an emergency, to consult with the director of the local organization for emergency management or, if there is no such organization, with the Chief of the Division of Emergency Management of the Department of Public Safety or his or her designee. Existing law requires each public school and each private school to establish a school committee to review the plan to respond to a crisis developed by the development committee and to determine whether to request a deviation from the plan for the school. (NRS 392.632, 392.636, 394.169, 394.1691) **Sections 8 and 19** of this bill require each school committee to also review the component of the plan for responding to an emergency and to determine whether to request a deviation from the plan. Existing law prescribes the duties of a

23 school principal when responding to a crisis at the school. (NRS 392.648,
24 394.1696) **Sections 11 and 21** of this bill prescribe the duties of a school principal
25 when an emergency occurs. Existing law provides that the plans for responding to a
26 crisis are confidential and further provides that the meetings of the development
27 committees, school committees and the State Board of Education concerning the
28 plans to respond to a crisis are not subject to the Open Meeting Law. (NRS
29 392.652, 392.656, 394.1698, 394.1699) This bill, with respect to the expanded
30 plans which address both crises and emergencies, maintains that confidentiality and
31 that exception to the Open Meeting Law.
