Legislative Counsel's Digest:

1 **Section 8** of this bill requires the Purchasing Division of the Department of
2 Administration to prescribe a code of conduct for independent contractors who
3 enter into a contract with a public body which requires such an independent
4 contractor to abide by all state ethics laws, maintain records of all work done
5 pursuant to such a contract and make these records available for audit. **Section 9** of
6 this bill requires an independent contractor to disclose any fees charged to persons
7 who are not a party to the contract under a contract with a public body and to
8 annually report the total dollar amount of such fees. **Section 10** of this bill requires
9 an independent contractor to disclose certain information relating to any
10 subcontractors used to perform a contract with a public body. **Section 14** of this bill
11 provides that if an independent contractor violates any provision of **sections 8-10**,
12 the public body may terminate the contract.

13 **Section 11** of this bill: (1) prohibits a public body from entering into a sole
14 source contract for a period exceeding 2 years unless the longer period is necessary
15 for the recovery of capital costs; and (2) prohibits a public body from renewing a
16 sole source contract unless the governing body of the public body approves the
17 renewal by a two-thirds vote. **Section 11.5** of this bill authorizes a public body to
18 enter into a contract with an independent contractor, other than a sole source
19 contract, for a period of not more than 4 years and to extend the period of such a
20 contract if the governing body of the public body approves the extension by a
21 two-thirds vote.

22 **Section 12** of this bill requires each public body that enters into a sole source
23 contract to disclose certain information to the Purchasing Division, which must
24 then post that information on its Internet website. **Section 13** of this bill requires
25 each public body that enters into a sole source contract or that renegotiates a
26 contract with an independent contractor to report information relating to the number
27 and dollar amount of the sole source contracts and competitively bid contracts with
28 an independent contractor to the Purchasing Division, which must then report that
29 information to the Interim Finance Committee.

30 **Section 15** of this bill requires a person who is awarded a contract for a public
31 work to report to the public body awarding the contract certain information
32 concerning the race, ethnicity, age and gender of certain employees and applicants
33 for employment on the public work. **Section 15** also requires that a public body
34 awarding a contract for a public work must gather, compile, maintain and enter on
35 the Internet website of the State Public Works Board certain information
36 concerning the cost of the public work, the awarding of the contract, the race,
37 ethnicity, age, gender, number of employees and length of time in business of the
38 bidders for the contract, and the information received from the person awarded the
39 contract concerning the applicants for employment on the public work. Finally,
40 **section 15** requires that the State Public Works Board create an application on its
41 Internet website for the entry of the information that each public body is required to
42 enter on the Internet website in accordance with **section 15**, make the information
43 available to the public and report the information annually to the Director of the
44 Legislative Counsel Bureau.

45 **Section 17** of this bill requires the Department of Transportation to post certain
46 information relating to certain contracts for the provision of professional services
