AN ACT relating to employment; revising provisions governing the liability of a general contractor or subcontractor for certain benefit payments; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Under existing federal law, an employer is authorized to make payments for employee benefit plans to a trust fund pursuant to a negotiated agreement between the employer and employee. (29 U.S.C. § 186) **Section 1** of this bill requires the administrator of the trust fund to notify the general contractor and the subcontractor on a public work if the required payment has not been received within 30 days after the payment is due.

Under existing law, a general contractor is required to assume and is liable for the debts incurred by a subcontractor or another contractor working under the general contractor while the subcontractor or contractor was working for the general contractor. (NRS 608.150) **Section 2** of this bill excludes from such assumption and liability payments to a health or welfare fund or any other plan for the benefit of employees in accordance with a collective bargaining agreement.
