This bill establishes a process by which a state agency engaged in activities related to economic development and population research may obtain at no charge the digital parcel base of a county and electronic county assessor files. **Section 1** of this bill requires a county assessor to provide each year to the demographer employed by the Department of Taxation, at no charge, the electronic datasets of the county assessor files. **Section 5** of this bill requires a county which maintains or possesses a digital parcel base of the county to provide the digital parcel base to the demographer each year at no charge. Not more than once each year, the demographer must provide the digital parcel base and the assessor's electronic files at no charge to a state agency engaged in economic development and population research that submits a written request for the information. The state agency receiving the digital parcel base and the assessor's electronic files must provide a summary of the research produced from the information to the county providing the information and the Commission on Economic Development at no charge.
