---

AN ACT relating to public roads; providing that acceptance by the Department of Transportation of a map that includes a county road located on a certain right-of-way constitutes validation of the right-of-way by the State of Nevada; authorizing the board of county highway commissioners in certain counties to locate and determine the width of certain rights-of-way and to open those rights-of-way for public use; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

1      Currently in Nevada, many roads are popularly referred to as “R.S. 2477  
2      roads.” R.S. 2477 roads are roads that exist on public rights-of-way granted  
3      pursuant to 43 U.S.C. § 932, a federal law passed in 1866 and stating, “[t]he right  
4      of way for the construction of highways over public lands, not reserved for public  
5      uses, is hereby granted.” In 1976, the United States Congress repealed the  
6      provisions of 43 U.S.C. § 932 by enacting the Federal Land Policy and  
7      Management Act of 1976 (43 U.S.C. §§ 1701 et seq.). However, section 701 of that  
8      Act also included a savings provision concerning R.S. 2477 roads that provided that  
9      “[n]othing in this Act, or in any amendment made by this Act, shall be construed as  
10     terminating any valid lease, permit, patent, right-of-way, or other land use right or  
11     authorization existing on [October 21, 1976].” (43 U.S.C. § 1701 note (Savings  
12     Provisions)) Therefore, valid R.S. 2477 rights-of-way continue to exist, and under  
13     existing state law, any board of county commissioners may locate and determine

\* S B 4 9 \*

14 the width of those rights-of-way and may locate and open R.S. 2477 roads on those  
15 rights-of-way. (NRS 405.191)

16 Existing law also creates, in counties whose population is less than 100,000  
17 (currently counties other than Clark and Washoe Counties), a board of county  
18 highway commissioners, composed of the regularly elected and qualified county  
19 commissioners. (NRS 403.005, 403.010, 403.020) A board of county highway  
20 commissioners has the authority to lay out and designate main, general and minor  
21 county roads and are required, upon so laying out and designating such roads, to  
22 create a county map showing the roads and their designations and to file copies of  
23 the map with the clerk of the board of county highway commissioners, the county  
24 clerk, the county recorder and the Department of Transportation. (NRS 403.170,  
25 403.190)

26 **Section 1** of this bill provides that if a map showing an R.S. 2477 right-of-way  
27 is filed with the Department of Transportation, acceptance of the map by the  
28 Department constitutes validation of the R.S. 2477 right-of-way by the State of  
29 Nevada for the purpose of establishing the existence and location of the R.S. 2477  
30 right-of-way. **Section 2** of this bill confers authority upon a board of county  
31 highway commissioners to locate and determine the width of an R.S. 2477 right-of-  
32 way and to open that right-of-way for public use for the purpose of designating  
33 county roads within the county and taking certain other authorized actions  
34 concerning the R.S. 2477 right-of-way.

---

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN  
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1       **Section 1.** NRS 403.190 is hereby amended to read as follows:

2       403.190 1. Except as otherwise provided in subsection ~~13, 4,~~  
3 upon laying out and designating the county roads as required in  
4 NRS 403.170, the board of county highway commissioners shall  
5 cause a map of the county to be made, showing the county roads and  
6 their designations. The board shall file one copy of the map with the  
7 clerk of the board of county highway commissioners, one copy with the  
8 Department of Transportation, one copy with the county clerk  
9 and one copy with the county recorder.

10     2. *If the map required pursuant to subsection 1 includes a  
11 county road located on a right-of-way that the board of county  
12 highway commissioners has located, determined the width of and  
13 opened for public use pursuant to subsection 2 of NRS 405.191,  
14 acceptance of the map by the Department of Transportation  
15 constitutes validation of the right-of-way by the State of Nevada  
16 for the purpose of establishing the existence and location of the  
17 right-of-way.*

18     3. When any road has been designated by the board of county  
19 highway commissioners as a standard county road, as provided in  
20 NRS 403.180, that designation must be made on the copies of the  
21 map on file with the clerk of the board of county highway  
22 commissioners, the county clerk, the Department of Transportation  
23 and the county recorder.

\* S B 4 9 \*

1      [3.] 4. The board of county highway commissioners need not  
2 include a minor county road upon the map required by subsection 1.  
3 Any person who uses a minor county road may file with the county  
4 recorder a map showing the location of the road, appropriately  
5 emphasized in black ink upon the map by the person filing it. The  
6 map must:

7      (a) Be a topographical map prepared by the United States  
8 Geological Survey, unless the board of county highway  
9 commissioners determines that other specific maps are acceptable.

10     (b) Have written on its face, in black ink, the townships, ranges  
11 and sections through which the road traverses.

12     ➔ The map so filed is evidence of the existence and location of the  
13 road. Each person filing such a map shall pay to the county recorder  
14 a fee of \$17 for the first sheet of the map plus \$10 for each  
15 additional sheet.

16     **Sec. 2.** NRS 405.191 is hereby amended to read as follows:  
17     405.191 As used in NRS 405.193 and 405.195, "public road"  
18 includes:

19     1. A United States highway, a state highway or a main, general  
20 or minor county road and any other way laid out or maintained by  
21 any governmental agency.

22     2. Any way which exists upon a right-of-way granted by  
23 Congress over public lands of the United States not reserved for  
24 public uses in chapter 262, section 8, 14 Statutes 253 (former 43  
25 U.S.C. § 932, commonly referred to as R.S. 2477), and accepted by  
26 general public use and enjoyment before, on or after July 1, 1979.

27     [Each] Except as otherwise provided in this subsection, each board  
28 of county commissioners may locate and determine the width of  
29 such rights-of-way and locate, open for public use and establish  
30 thereon county roads or highways, but public use alone has been and  
31 is sufficient to evidence an acceptance of the grant of a public user  
32 right-of-way pursuant to former 43 U.S.C. § 932. *In a county in  
33 which a board of county highway commissioners has exclusive  
34 control of all matters relating to the construction, repairing and  
35 maintaining of public highways, roads and bridges within the  
36 county pursuant to NRS 403.090, the board of county highway  
37 commissioners may locate and determine the width of those rights-  
38 of-way and open those rights-of-way for public use for the purpose  
39 of designating county roads pursuant to NRS 403.170 or taking  
40 any other action concerning those rights-of-way pursuant to  
41 chapter 403 of NRS.*

42     3. Any way which is shown upon any plat, subdivision,  
43 addition, parcel map or record of survey of any county, city, town or  
44 portion thereof duly recorded or filed in the office of the county  
45 recorder, and which is not specifically therein designated as a

\* S B 4 9 \*

1 private road or a nonpublic road, and any way which is described in  
2 a duly recorded conveyance as a public road or is reserved thereby  
3 for public road purposes or which is described by words of similar  
4 import.

5       **Sec. 3.** This act becomes effective on July 1, 2011.
