AN ACT relating to mining; creating the Mining Oversight and Accountability Commission and establishing its membership, powers and duties; revising provisions governing the calculation of net proceeds from certain mining operations conducted in this State; repealing a fee imposed on certain filings regarding mining claims; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law does not provide for a single administrative body to oversee the activities of the various state agencies that have responsibility for the taxation, operation, safety and environmental regulation of mines and mining in this State. **Section 5** of this bill creates the Mining Oversight and Accountability Commission, consisting of seven members appointed by the Governor. Two of the members must be recommended by the Majority Leader of the Senate and two by the Speaker of the Assembly. In the first biennium, one member must be recommended by the Minority Leader of the Senate. In the next biennium, one member must be recommended by the Minority Leader of the Assembly. The authority of the Minority Leader of the Senate and the Minority Leader of the Assembly to make those recommendations alternates each biennium thereafter. **Section 7** of this bill requires the Commission to provide oversight of compliance with Nevada law relating to the activities of each state agency with respect to the taxation, operation, safety and environmental regulation of mines and mining in this State. **Section 7** also identifies particular state entities that are subject to the supervision of the Commission with respect to their activities related to mines and mining: (1) the Nevada Tax Commission and the Department of Taxation in the taxation of the net proceeds of minerals; (2) the Division of Industrial Relations of the Department of Business and Industry concerning the safe and healthful working conditions at

mines; (3) the Commission on Mineral Resources and the Division of Minerals of the Commission; (4) the Bureau of Mines and Geology of the State of Nevada; and (5) the Division of Environmental Protection of the State Department of Conservation and Natural Resources in its activities concerning the reclamation of land used in mining. **Sections 8 and 13-16** of this bill establish certain reports and other information that those entities are required to provide to the Commission. **Section 11** of this bill authorizes the Commission to request the Legislative Commission to direct the Legislative Auditor to provide for a special audit or investigation of the activities of any state agency, board, bureau, commission or political subdivision in connection with the taxation, operation, safety and environmental regulation of mines and mining in this State. **Section 12** of this bill provides that certain regulations of the Nevada Tax Commission, Administrator of the Division of Industrial Relations, Commission on Mineral Resources and the State Environmental Commission concerning mines and mining are not effective unless they are reviewed by the Mining Oversight and Accountability Commission before being approved by the Legislative Commission. **Sections 12.5 and 12.7** of this bill revise provisions governing the calculation of net proceeds from certain mining operations conducted in this State.

During the 26th Special Session in 2010, the Legislature enacted a law imposing a fee on the filing of an affidavit of the work performed on or improvements made to a mining claim or an affidavit of the intent to hold a mining claim, if the person who holds the mining claim holds 11 or more mining claims in this State. (NRS 517.187) **Section 16.3** of this bill repeals that law. **Section 16.7** of this bill allows any person who paid that fee to receive a credit of the amount paid against any liability of the person for the state modified business tax or, if that is not practical, a refund of the amount paid.
