EXPLANATION – Matter in *bolded italics* is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to nursing facilities; revising provisions governing the Fund to Increase the Quality of Nursing Care; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Under existing law, each nursing facility that is licensed in this State is required
2 to pay a fee to the Division of Health Care Financing and Policy of the Department
3 of Health and Human Services in an amount determined by the Division. (NRS
4 422.3775) The fees collected by the Division are required to be deposited in the
5 Fund to Increase the Quality of Nursing Care and used to increase rates paid to
6 nursing facilities for providing services to Medicaid recipients and to administer the
7 assessment of the fees. Existing law prohibits the money in the Fund from being
8 used to replace existing state expenditures paid to nursing facilities. (NRS
9 422.3785) This bill removes that prohibition.
10 Existing law further provides that if federal law or regulation prohibits the
11 money in the Fund from being used in the manner specified by statute, the rates
12 must be set at certain amounts. (NRS 422.3785) This bill instead provides that in
13 such circumstances, the rates must be changed to the rates provided by the
14 Division.

SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:
