AN ACT relating to local financial administration; revising provisions concerning the quarterly publication of certain financial information by an incorporated city or a county; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing law requires the clerk and council of each city incorporated under
2 general law or charter to publish in a newspaper a quarterly statement of the city's
3 finances that shows the receipts and disbursements and the details of each bill that
4 the city has paid. (NRS 268.030) **Section 2** of this bill requires the publication of
5 only the total amounts of the city's receipts, disbursements and bills paid for the
6 quarter but expressly provides that the receipts, bills and other documents which
7 support each transaction that is included in the published totals are public records
8 which are available for inspection and copying. **Section 2** also requires publication
9 of the financial statement on the Internet website of the city, if the city maintains an
10 Internet website. **Section 1** of this bill eliminates a duplicative requirement for the
11 publication of financial information that only applies to the city clerks of cities
12 incorporated under general law.

13 Under existing law, a board of county commissioners is required to publish in a
14 newspaper a quarterly financial statement of receipts, expenditures and bills
15 allowed. (NRS 244.225, 354.210) **Sections 3 and 4** of this bill require the
16 publication of only the total amounts of the county's receipts, expenditures and bills
17 allowed but expressly provides that the receipts, bills and other documents which
18 support each transaction that is included in the published totals are public records
19 which are available for inspection and copying. **Sections 3 and 4** also require

21 county maintains an Internet website.
