Legislative Counsel's Digest:

Under existing law, certain unlawful acts constitute domestic violence when committed against certain specified persons. (NRS 33.018) Existing law authorizes a court or an agency of a local government to organize or sponsor one or more multidisciplinary teams to review the death of the victim of a crime that constitutes domestic violence. (NRS 217.475) If a court or an agency of a local government does not organize or sponsor such a team or if the court or agency requests the assistance of the Attorney General, **section 1** of this bill authorizes the Attorney General to organize or sponsor one or more multidisciplinary teams to review the death of the victim of such a crime. **Section 1** also establishes the powers and duties of such teams.

Section 2 of this bill expands the authority of a multidisciplinary team to review the death of the victim of a crime that constitutes domestic violence organized or sponsored by a court or agency of local government under existing law to: (1) obtain relevant information and records concerning the victim and any person who was in contact with the victim; and (2) meet with other teams, persons, agencies and organizations that may have information relevant to the team's review.

Sections 1 and 2 also provide that each member of a multidisciplinary team which is organized or sponsored by the Attorney General or a court or an agency of a local government to review the death of a victim of a crime that constitutes domestic violence who discloses any confidential information concerning the death of a child is liable for a civil penalty of not more than \$500. The Attorney General may bring an action to recover such a civil penalty and shall deposit any money received from the civil penalty with the State Treasurer for credit to the State General Fund.

Section 3 of this bill adds multidisciplinary teams organized to review the deaths of victims of crimes that constitute domestic violence to the list of entities that are authorized under existing law to receive data or information from certain reports and investigations concerning the abuse or neglect of children. Under existing law, release to the public of information identifying the suspect of such a report by a person who is authorized to have access to the information is a misdemeanor. (NRS 432B.290)

Section 3.5 of this bill specifies that a multidisciplinary team to review the death of a child may, if appropriate, meet and share information with a

multidisciplinary team to review the death of a victim of a crime that constitutes domestic violence which is organized or sponsored by the Attorney General or a court or an agency of a local government.

Section 4 of this bill requires the State Board of Health to allow a multidisciplinary team organized to review the death of the victim of a crime that constitutes domestic violence to use death certificates in the custody of the State Registrar of Vital Statistics in the same manner as the Board allows a multidisciplinary team to review the death of a child under existing law.
