Joint Sponsor: Senator Ford

CHAPTER.....

AN ACT relating to health care; revising provisions governing the billing practices of certain providers of health care; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines the term “health care plan” as a policy, contract, certificate or agreement offered or issued by an insurer to provide, deliver, arrange for, pay for or reimburse any of the costs of health care services. (NRS 679B.520) Existing law further defines the term “provider of health care” for the purposes of chapter 629 of NRS which govern the healing arts generally. (NRS 629.031)

Section 1 of this bill provides that after a patient provides certain information to a provider of health care for the purpose of paying for a service which has been or may be rendered to the patient: (1) the provider of health care is required to maintain a record of the information provided by the patient; and (2) if the provider of health care fails to submit any claim for payment of any portion of any charge pursuant to the terms of the health care plan, the provider of health care is prohibited from requesting or requiring certain payments from the patient.

Section 1 further: (1) limits the applicability of the provisions prohibiting a provider of health care from requesting or requiring certain payments from a patient so that the provider of health care may request or require such payments if the patient causes the provider of health care to submit the claim in a manner which violates the terms of the health care plan; and (2) provides that any provision of an agreement between a patient and a provider of health which conflicts with the provisions set forth in that section is void.

Section 1. Chapter 629 of NRS is hereby amended by adding thereto a new section to read as follows:

1. After a patient provides to a provider of health care, and the provider of health care accepts from the patient, any information regarding a health care plan for the purpose of paying for a service which has been or may be rendered to the patient:

(a) The provider of health care shall maintain a record of the information provided by the patient; and

(b) If the provider of health care fails to submit any claim for payment of any portion of any charge pursuant to the terms of the health care plan, the provider of health care shall not request or require payment from the patient of any portion of the charge

beyond the portion of the charge which the patient would have been required to pay pursuant to the terms of the health care plan if the provider of health care had submitted the claim for payment pursuant to the terms of the health care plan.

2. The provisions of paragraph (b) of subsection 1 do not apply to a claim if the patient provides information to the provider of health care which is inaccurate, outdated or otherwise causes the provider of health care to submit the claim in a manner which violates the terms of the health care plan.

3. Any provision of any agreement between a patient and a provider of health care which conflicts with the provisions of this section is void.

4. As used in this section, "health care plan" has the meaning ascribed to it in NRS 679B.520.

Sec. 2. This act applies only to services rendered pursuant to an agreement entered into on or after October 1, 2013.
