EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets **[omitted material]** is material to be omitted.

AN ACT relating to health care; revising provisions governing the billing practices of certain providers of health care; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing law defines the term “health care plan” as a policy, contract, certificate
2 or agreement offered or issued by an insurer to provide, deliver, arrange for, pay for
3 or reimburse any of the costs of health care services. (NRS 679B.520) Existing law
4 further defines the term “provider of health care” for the purposes of chapter 629 of
5 NRS which govern the healing arts generally. (NRS 629.031)

6 **Section 1** of this bill provides that after a patient provides certain information
7 to a provider of health care for the purpose of paying for a service which has been
8 or may be rendered to the patient: (1) the provider of health care is required to
9 maintain a record of the information provided by the patient; and (2) if the provider
10 of health care fails to submit any claim for payment of any portion of any charge
11 pursuant to the terms of the health care plan, the provider of health care is
12 prohibited from requesting or requiring certain payments from the patient.

13 **Section 1** further: (1) limits the applicability of the provisions prohibiting a
14 provider of health care from requesting or requiring certain payments from a patient
15 so that the provider of health care may request or require such payments if the
16 patient causes the provider of health care to submit the claim in a manner which
17 violates the terms of the health care plan; and (2) provides that any provision of an
18 agreement between a patient and a provider of health which conflicts with the
19 provisions set forth in that section is void.

1 **Section 1.** Chapter 629 of NRS is hereby amended by adding
2 thereto a new section to read as follows:

3 *1. After a patient provides to a provider of health care, and
4 the provider of health care accepts from the patient, any
5 information regarding a health care plan for the purpose of
6 paying for a service which has been or may be rendered to the
7 patient:*

8 *(a) The provider of health care shall maintain a record of the
9 information provided by the patient; and*

10 *(b) If the provider of health care fails to submit any claim for
11 payment of any portion of any charge pursuant to the terms of the
12 health care plan, the provider of health care shall not request or
13 require payment from the patient of any portion of the charge
14 beyond the portion of the charge which the patient would have
15 been required to pay pursuant to the terms of the health care plan
16 if the provider of health care had submitted the claim for payment
17 pursuant to the terms of the health care plan.*

18 *2. The provisions of paragraph (b) of subsection 1 do not
19 apply to a claim if the patient provides information to the provider
20 of health care which is inaccurate, outdated or otherwise causes
21 the provider of health care to submit the claim in a manner which
22 violates the terms of the health care plan.*

23 *3. Any provision of any agreement between a patient and a
24 provider of health care which conflicts with the provisions of this
25 section is void.*

26 *4. As used in this section, "health care plan" has the
27 meaning ascribed to it in NRS 679B.520.*

28 **Sec. 2.** This act applies only to services rendered pursuant to
29 an agreement entered into on or after October 1, 2013.
