

CHAPTER.....

AN ACT relating to local governments; authorizing boards of county commissioners to abate public nuisances involving litter, garbage, abandoned or junk vehicles and junk appliances; authorizing certain local governments to abate public nuisances and conditions involving abandoned or junk vehicles by requesting the operator of a tow car to abate the public nuisance or condition; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a board of county commissioners of a county or the governing body of a city may adopt by ordinance procedures pursuant to which the board or governing body, or a designee thereof, may order an owner of property to abate a public nuisance or condition on the property, including the clearing of certain debris, to protect the public health, safety and welfare of the residents of the county or city. (NRS 244.3605, 268.4122) Existing law further provides that if, after the provision of notice about the nuisance or condition and an opportunity for a hearing, the property owner does not abate the nuisance or condition, the county or city may abate the nuisance or condition and recover from the property owner the amount expended by the county or city for the labor and materials used to abate the nuisance or condition.

Section 2 of this bill adds litter, garbage, abandoned or junk vehicles and junk appliances to the list of conditions that constitute a public nuisance for the purposes of an ordinance adopted by a board of county commissioners. **Section 2** also provides that, in a county whose population is 700,000 or more (currently only Clark County), such an ordinance may authorize the county to request the operator of a tow car to abate a public nuisance by towing an abandoned or junk vehicle that is not concealed from ordinary public view if certain requirements relating to notice and the opportunity for a hearing are satisfied. Similarly, **section 3** of this bill, for the purposes of an ordinance adopted by the governing body of a city in any county whose population is 700,000 or more (currently only Clark County), provides that such an ordinance may authorize the city to request the operator of a tow car to abate such a condition by towing an abandoned or junk vehicle that is not concealed from ordinary public view if certain requirements relating to notice and the opportunity for a hearing are satisfied.

Existing law provides for the regulation of tow cars and the operators of tow cars. (NRS 706.445-706.453) **Sections 2 and 3** provide that the operator of a tow car who is requested by a county or city to tow a vehicle to abate a public nuisance or condition must comply with those provisions. **Section 4** of this bill provides that the registered owner of a vehicle towed pursuant to a request by a county or a city to abate a public nuisance or condition is responsible for the cost of removal and storage of the vehicle.
