AN ACT relating to business; revising provisions governing the state business portal; revising provisions governing applications for certain authorizations to conduct a business in this State issued by state and local agencies and health districts; requiring certain persons who are not required to obtain a state business license to obtain a certificate of exemption from the Secretary of State; requiring the Secretary of State to issue unique business identification numbers under certain circumstances; revising provisions governing the issuance of certain licenses by incorporated cities and counties; **removing the prohibition against a county clerk refusing to accept for filing certain business certificates in certain circumstances**; revising provisions governing the disclosure of certain information by the Employment Security Division of the Department of Employment, Training and Rehabilitation; **repealing certain provisions**; providing penalties; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Under existing law, the Secretary of State is required to establish the state business portal to facilitate interaction among businesses and governmental agencies in this State by allowing businesses to conduct necessary transactions with governmental agencies in this State through the state business portal. (NRS 75A.100) **Section 1** of this bill requires the Secretary of State to: (1) establish common business registration information that is used by state and local agencies and health districts to conduct necessary transactions with businesses in this State;

and (2) cause the state business portal to provide common business registration information to state and local agencies and health districts that conduct necessary transactions with businesses in this State. **Section 1** further requires state and local agencies and health districts to: (1) integrate their electronic application processes into the state business portal; (2) use the state business portal to accept and disseminate common business registration information that is needed by the state or local agency or health district to issue a license, certificate, registration, permit or similar type of authorization to conduct a business in this State or to engage in an occupation or profession in this State; and (3) make available on the Internet applications for a license, certificate, registration, permit or similar type of authorization to conduct a business in this State or to engage in an occupation or profession in this State and to integrate such applications into the state business portal. However, section 1 also specifies that a state or local agency or health district is not required to disseminate or release information if such action would result in the state or local agency or health district violating any provision of state or federal law relating to the confidentiality of the information. Under **section 9** of this bill: (1) a state or local agency or health district is required to accept common business registration information via the state business portal on or before January 1, 2014, unless the State Board of Examiners extends that deadline; and (2) a state or local agency or health district which believes it cannot comply with certain requirements relating to the state business portal must, with the assistance of the Secretary of State, submit to the State Board of Examiners and the Legislative Commission, on or before July 1, 2014, a written explanation setting forth: (1) the reasons that it cannot timely comply with the requirements; and (2) a timeline for integration into the state business portal.

Under existing law, certain persons are excluded from the definition of "business" for the purposes of state business licenses and, thus, are not required to obtain a state business license. (NRS 76.020) **Section 2** of this bill requires these persons to obtain annually from the Secretary of State a certificate of exemption from the requirement to obtain a state business license. Under **section 2**, a person required to obtain a certificate of exemption must post the certificate conspicuously at his or her establishment or place of business and is subject to a penalty of not more than \$50 if the person fails to do so. **Section 3** of this bill provides that a person required to obtain a state business license must post the state business license conspicuously at his or her establishment or place of business and is subject to a penalty of not more than \$50 if the person fails to do so.

**Section 4** of this bill requires the Secretary of State to assign a unique business identification number to each business entity organized in this State and to each person issued a state business license or a certificate of exemption from the requirement to obtain a state business license. Under **section 1**: (1) the Secretary of State must cause the state business portal to interface with the system used by the Secretary of State to assign business identification numbers; and (2) state and local agencies and health districts that issue licenses, certificates, registrations, permits or similar types of authorization to conduct a business in this State or to engage in an occupation or profession in this State must require applicants for such a license, certificate, registration or permit to include the business identification number on the application. **Sections 2 and 3** require that a state business license or certificate of exemption include the business identification number assigned to the holder of the license or certificate.

**Sections 5 and 6** of this bill amend provisions governing city and county business licenses so that certain information regarding industrial insurance is provided through the state business portal. **Section 7.3** of this bill ~~provides that the affidavit required by existing law to obtain a local business license to sell certain retail merchandise must include a statement that the applicant has a current state business license, or a certificate of exemption from the requirements for a state business license, and the applicant's business identification number.~~ removes the provision from existing law which prohibits a county clerk, in certain circumstances, from refusing to accept for filing a certificate or renewal certificate concerning persons doing business in this State under an assumed or fictitious name that is filed by a foreign artificial person or persons. **Section 7.5** of this bill authorizes the Employment Security Division of the Department of Employment, Training and Rehabilitation to make certain information available to the Secretary of State for certain purposes related to operating and maintaining the state business portal. **Section 8 of this bill repeals certain provisions relating to: (1) the coordination of the collection of certain information and forms from businesses by state agencies and local governments; and (2)**

the affidavit required to be filed by an applicant who wishes to obtain a local business license to sell certain retail merchandise.
