AN ACT relating to emergency medical services; requiring a host organization of a special event to provide emergency medical personnel and emergency medical services at the site of the special event under certain circumstances; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law governs the provision of emergency medical services to persons in this State. (Chapter 450B of NRS) **Sections 11-13** of this bill require the host organization of a special event that is projected to be attended or observed by 2,500 or more persons to provide a first-aid station at the site of the special event and a dedicated advanced life support ambulance if certain factors apply to the special event. **The definition of "special event" set forth in section 10 of this bill excludes a scheduled activity or event which is held at a location that: (1) is designed to host certain scheduled activities and events; and (2) has permanently established methods of providing first-aid or emergency medical services at the location.** **Section 6** of this bill defines a "host organization" as the person who obtained the permit for the special event or, if a permit was not obtained for the special event, the person who sponsored the special event. **Sections 11-13** further require the host organization of a special event to provide medical personnel at the site of the special event. The number of first-aid stations, dedicated advanced life support ambulances and medical personnel and the level of skill of the medical personnel required varies based on the number of persons who are projected to attend or observe the special event and certain other factors.

Existing law provides that a violation of the provisions which govern emergency medical services is a misdemeanor. Existing law further authorizes the Health Division of the Department of Health and Human Services to impose an administrative penalty against any person who violates those provisions. (NRS 450B.900) Those penalties are applicable to a violation of the provisions of **sections 11-13**.
