AN ACT relating to pharmacy; revising provisions authorizing a pharmacist or practitioner to indicate on a prescription label if a generic drug has been substituted for a drug prescribed by brand name; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law authorizes a pharmacist or practitioner to indicate on the label of a prescription that a generic drug has been substituted for a drug prescribed by brand name unless the indication is prohibited by the practitioner who prescribed the drug. (NRS 639.2587) This bill requires **a pharmacist or practitioner to make** such an indication **the first time that the generic drug is substituted for a drug prescribed by brand name** unless **at the time the initial substitution of the generic drug is made**, the person for whom the drug is dispensed elects not to have such an indication written or typed on the label. **This bill further provides that an election by the person to indicate or not indicate a substitution on the label applies both to the fill and each refill of the same prescription.**
