S.B. No. 481—Extends the temporary waiver from certain minimum expenditure requirements for textbooks for school districts and the temporary allowance for an increase in class sizes for grades 1 through 3.
(BDR S-1132)

SENATE BILL NO. 481—COMMITTEE ON FINANCE
(ON BEHALF OF THE DEPARTMENT OF ADMINISTRATION)

MARCH 25, 2013

Referred to Committee on Finance

SUMMARY—Extends the temporary waiver from certain minimum expenditure requirements for textbooks for school districts ~~and the temporary allowance for an increase in class sizes for grades 1 through 3~~ (BDR S-1132)

FISCAL NOTE: Effect on Local Government: No.
Effect on the State: No.

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets ~~is omitted material~~ is material to be omitted.

AN ACT relating to education; extending the prospective expiration of the temporary waiver from certain requirements governing expenditures for textbooks, instructional supplies, instructional software and instructional hardware by school districts, charter schools and university schools for profoundly gifted pupils; extending the prospective expiration of the temporary waiver from certain requirements governing expenditures for library books, software for computers, the purchase of equipment relating to instruction and the maintenance and repair of equipment, vehicles, and buildings and facilities by school districts; ~~authorizing school districts to increase class sizes for grades 1 through 3 by two pupils for the 2013-2015 biennium;~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Department of Education to determine the amount of money that each school district, charter school and university school for profoundly gifted pupils is required to expend during each fiscal year on textbooks, instructional supplies, instructional software and instructional hardware. (NRS 387.206) Existing law also authorizes the board of trustees of a school district, the governing body of a charter school or the governing body of a university school for profoundly gifted pupils that is experiencing an economic hardship to submit a request to the Department for a waiver of all or a portion of the minimum expenditure requirements. (NRS 387.2065) Assembly Bill No. 5 of the 26th Special Session provided a temporary waiver for the 2009-2011 biennium from these requirements without requiring the school districts, charter schools or university schools for profoundly gifted pupils to submit a request for such a waiver. (Chapter 6, Statutes of Nevada 2010, 26th Special Session, p. 41) The 2011 Legislative Session extended the temporary waiver from these minimum expenditure requirements for the 2011-2013 biennium. This temporary waiver is scheduled to expire on June 30, 2013. (Chapter 417, Statutes of Nevada 2011, p. 2569) ~~Sections 1 and 2 of this~~ **This** bill ~~extends~~ extends the prospective expiration of the

16 temporary waiver to June 30, 2015, thereby extending the temporary waiver from the
17 minimum expenditure requirements for the 2013-2015 biennium.

18 Existing law requires each school district to expend each school year for library books,
19 software for computers, the purchase of equipment relating to instruction and the maintenance
20 and repair of equipment, vehicles, and buildings and facilities an amount of money, expressed
21 as an amount per pupil, that is at least equal to the average of the total amount of money that
22 was expended per year for those items in the immediately preceding 3 years. (NRS 387.207)
23 The 2011 Legislative Session provided a temporary waiver for the 2011-2013 biennium to
24 each school district from these minimum expenditure requirements, which is scheduled to
25 expire on June 30, 2013. (Chapter 417, Statutes of Nevada 2011, p. 2569) ~~(Sections 1 and 2 of~~
26 ~~This bill~~ ~~extends~~ the prospective expiration of the temporary waiver to June 30,
27 2015, thereby extending the temporary waiver from the minimum expenditure requirements
28 for the 2013-2015 biennium.

29 Existing law prescribes certain ratios of pupils per licensed teacher in grades 1 through 2.
30 (NRS 388.700) The 26th Special Session of the Nevada Legislature temporarily revised
31 provisions governing class size reduction, in recognition of budget shortfalls, by allowing a
32 school district to elect to increase class sizes by not more than two pupils to achieve ratios of
33 18 pupils per teacher in grades 1 and 2, and 21 pupils per teacher in grade 3. (Chapter 7,
34 Statutes of Nevada 2010, 26th Special Session, pp. 42-45) If a school district elected to
35 increase class sizes in this manner, all money that would have otherwise been expended by the
36 school district to achieve the lower class sizes in grades 1 through 3 must have been used by
37 the school district to minimize the impact of the budget reductions on class sizes in grades 4
38 through 12. This temporary increase in class sizes applied to the 2010-2011 school year and
39 expired by limitation on June 30, 2011. The 2011 Legislative Session also authorized school
40 districts, in recognition of the impact of budget reductions, to temporarily increase class sizes
41 by two pupils for grades 1 through 3 for the 2011-2012 biennium. (Chapter 370, Statutes of
42 Nevada 2011, p. 2146) Section 2 of this bill similarly authorizes school districts to increase
43 class sizes by two pupils for grades 1 through 3 for the 2013-2015 biennium.]

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Section 1 of chapter 6, Statutes of Nevada 2010, 26th Special
2 Session, as amended by chapter 417, Statutes of Nevada 2011, at page 2569, is
3 hereby amended to read as follows:

4 Section 1. 1. Notwithstanding the provisions of NRS 387.206,
5 387.2065 and 387.207 to the contrary for the ~~2011-2013~~ 2013-2015
6 biennium:

7 (a) The Department of Education is not required to comply with the
8 provisions of NRS 387.206 and 387.2065.

9 (b) Each school district, charter school and university school for
10 profoundly gifted pupils is not required to comply with the provisions
11 governing the minimum amount of money that must be expended for each
12 fiscal year in that biennium for textbooks, instructional supplies,
13 instructional software and instructional hardware as prescribed pursuant to
14 NRS 387.206 and is not required to submit a request for a waiver pursuant
15 to NRS 387.2065. The restrictions on the use of the money that would have
16 otherwise been expended by the school district, charter school or university
17 school for profoundly gifted pupils to meet the requirements of NRS
18 387.206 as set forth in subsection 7 of NRS 387.2065 apply during this
19 period.

20 (c) Each school district is not required to comply with the provisions
21 governing the minimum amount of money that must be expended for each

1 school year in that biennium for library books, software for computers, the
2 purchase of equipment relating to instruction and the maintenance and
3 repair of equipment, vehicles, and buildings and facilities as prescribed
4 pursuant to NRS 387.207.

5 2. If, before the effective date of this act, the board of trustees of a
6 school district, the governing body of a charter school or the governing
7 body of a university school for profoundly gifted pupils submitted a request
8 for a waiver pursuant to NRS 387.2065, the Department of Education shall
9 return the request to the applicant.

10 **Sec. 2.** Section 2 of chapter 6, Statutes of Nevada 2010, **26th Special**
11 **Session,** as amended by chapter 417, Statutes of Nevada 2011, at page 2569, is
12 hereby amended to read as follows:

13 Sec. 2. This act becomes effective upon passage and approval and
14 applies retroactively from and after July 1, 2009, and expires by limitation
15 on June 30, **2013** **2015**.

16 **Sec. 3.** **H.** The Legislature hereby finds and declares that:

17 (a) The intended goal of the Legislature is to achieve a pupil teacher ratio of
18 not more than 15 pupils per teacher or 30 pupils per two teachers in kindergarten
19 and grades 1, 2 and 3 where core curriculum is taught; and

20 (b) Available money is estimated to provide a sufficient number of teachers to
21 achieve in each school district pupil teacher ratios of 16 pupils per teacher in
22 selected kindergarten classrooms in which pupils are most at risk of failure and in
23 grades 1 and 2 in Fiscal Years 2013 2014 and 2014 2015, and to achieve a pupil
24 teacher ratio in grade 3 of 19 pupils per teacher in Fiscal Years 2013 2014 and
25 2014 2015, and

26 (c) For the 2013 2014 Fiscal Year and the 2014 2015 Fiscal Year, available
27 money is estimated to achieve the ratios set forth in paragraph (a) of subsection 1.
28 However, in recognition of the significant downturn in the national and state
29 economies and to allow school districts flexibility in addressing budget shortfalls
30 during this fiscal crisis and notwithstanding the provisions of NRS 388.700,
31 388.710 and 388.720 to the contrary, a school district may, for the 2013 2014
32 school year and the 2014 2015 school year, elect to increase the class size by not
33 more than two pupils per teacher to achieve ratios of 18 pupils per teacher in grades
34 1 and 2, and 21 pupils per teacher in grade 3. If a school district elects to increase
35 class size as authorized by this subsection:

36 (d) All money that would have otherwise been expended by the school district
37 to achieve the class sizes set forth in paragraph (a) of subsection 1 must be used to
38 minimize the impact of budget reductions on class sizes in grades 4 to 12, inclusive;

39 (e) The reduction of class sizes in grades 4 to 12, inclusive, must be fiscally
40 neutral such that the plan to reduce the ratios in those grades will not cost more to
41 carry out than complying with the ratios prescribed by paragraph (a) of subsection
42 1; and

43 (f) All plans and reports concerning class size made by the school district to
44 the Department of Education must include the pupil teacher ratios achieved for
45 each grade level, including grades 1, 2 and 3 and grades 4 to 12, inclusive.
(Deleted by amendment.)

46 Sec. 4. **H.** This act becomes effective upon passage and approval.

47 2. Section 3 of this act expires by limitation on June 30, 2015.
