AN ACT relating to governmental publications; revising provisions governing the submission of certain publications to the State Publications Distribution Center by certain state agencies and local governments; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, state agencies and local governments, with certain exceptions, are required to deposit paper copies of certain publications, upon release, with the State Publications Distribution Center within the State Library and Archives for distribution to certain libraries throughout the State. If such a state agency or local government releases a publication in an electronic format or medium, the state agency or local government is required to notify the Center of the release and provide the Center with access to the publication. (NRS 378.180)

Section 2 of this bill reduces the number of copies that a state agency is required to deposit with the Center from 12 copies to 10 copies. **Section 2** also authorizes a state agency or local government to provide the Center with an electronic version of the publication in lieu of depositing paper copies. If the publication is only released in an electronic format or medium, **section 2** requires the state agency or local government to provide the Center with an electronic version of the publication instead of notice and access to the electronic publication. Finally, **section 2** prescribes requirements for the submission of an electronic version of a publication to the Center by a state agency or local government and **section 1** of this bill requires the State Library and Archives Administrator to adopt regulations prescribing the procedures for submitting an electronic version of a publication to the Center.
