AN ACT relating to education; requiring the Executive Officer of the State Board for Career and Technical Education to employ certain persons; setting forth limitations on the use of state money for leadership and training activities relating to programs of career and technical education; setting forth the methods by which the state money must be distributed to programs of career and technical education; making various other changes relating to programs of career and technical education; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes the State Board for Career and Technical Education to oversee programs of career and technical education in the public schools of this State. (NRS 388.330-388.370) Existing law also requires the board of trustees of each school district in a county whose population is 100,000 or more (currently Clark and Washoe Counties), and authorizes the board of trustees of any other school district, to establish and maintain a program of career and technical education to provide instruction in subjects approved by the Board. (NRS 388.380) This bill specifies the manner in which certain federal and state money may be allocated and for what purposes the money may be used.

Section 3 of this bill: (1) provides that not more than 5 percent of any state money appropriated for use in a fiscal year may be used by the Board to provide leadership and training activities; and (2) provides that no state money appropriated

for use in a fiscal year may be used by the Board to provide leadership and training activities relating to any program of career and technical education that receives federal funding. **Section 3** also provides that state money must be distributed equally among programs of career and technical education in the following areas: (1) agriculture and natural resource sciences; (2) business and marketing; (3) family and consumer sciences; (4) health sciences; (5) information and media technology; and (6) trade and industrial sciences. Further, **section 3** provides that if the Board distributes \$1,500,000 or less in a fiscal year, the money must be distributed through the grant process set forth in **section 4** of this bill. Alternatively, if the Board distributes more than \$1,500,000 in a fiscal year: (1) \$1,500,000 must be distributed through the grant process set forth in **section 4** of this bill; and (2) any amount distributed in excess of \$1,500,000 must be distributed through the grant process set forth in **section 5** of this bill.

Section 6 of this bill provides that a school district or charter school may be awarded a grant pursuant to **section 4 or 5** if the school district or charter school, as applicable, matches the amount of the grant to fund the program of career and technical education. **Section 6** also authorizes the Executive Officer of the Board to waive that requirement if he or she determines that the school district or charter school is financially unable to provide the matching amount.

Section 7 of this bill provides that any state money that is not distributed pursuant to **sections 3-5** does not revert to the State General Fund.

Section 2 of this bill requires the Executive Officer to appoint a person to oversee a program of career and technical education in each of the following areas: (1) agriculture and natural resource sciences; (2) business and marketing; (3) family and consumer sciences; (4) health sciences; (5) information and media technology; and (6) trade and industrial sciences.

Section 9 of this bill requires the persons appointed to oversee programs of career and technical education to evaluate the effectiveness of the programs and report that information to the Board.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 388 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 8, inclusive, of this act.

Sec. 2. 1. *The Executive Officer of the State Board for Career and Technical Education shall appoint a person to oversee a program of career and technical education in each of the following areas:*

- (a) Agriculture and natural resource sciences.***
- (b) Business and marketing.***
- (c) Family and consumer sciences.***
- (d) Health sciences.***
- (e) Information and media technology.***
- (f) Trade and industrial sciences.***

2. *In addition to any other qualifications set forth by the State Board for Career and Technical Education, the person appointed pursuant to paragraph (a) of subsection 1 must have a minimum*

1 of 3 years of experience teaching secondary education in the area
2 of agriculture.

3 3. The person appointed pursuant to paragraph (a) of
4 subsection 1 shall:

5 (a) Provide leadership for programs of career and technical
6 education in agriculture and natural resource sciences, which
7 must include, without limitation:

8 (1) Classroom instruction in the area of agriculture;

9 (2) Work-based experiences for pupils in the area of
10 agriculture, including, without limitation, internships,
11 apprenticeships and mentoring programs; and
