

CHAPTER.....

AN ACT relating to crimes; requiring a person who unlawfully removes, damages or destroys certain property to obtain scrap metal to make restitution and to perform community service; requiring a person who intentionally steals, takes and carries away scrap metal or utility property to perform community service; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

Existing law provides that a person who willfully or maliciously removes, damages or destroys any utility property, agricultural infrastructure, lights maintained by a State or local government, construction site or certain other property to obtain scrap metal is guilty of a crime. (NRS 202.582) **Section 1** of this bill: (1) provides that a person who removes, damages or destroys any property maintained by the State or a local government to obtain scrap metal is guilty of a crime; and (2) requires a person convicted of such a crime, in addition to any other penalty, to pay restitution and to perform 100 hours of community service for a first offense, 200 hours of community service for a second offense and up to 300 hours of community service for any third or subsequent offense. **Section 1** also revises the definition of “utility property” to include any facility, equipment or other property owned, maintained or used by a company or a city, county or other political subdivision of this State to furnish sewer service or storm water collection or disposal service.

Existing law also provides that a person who intentionally steals, takes and carries away scrap metal: (1) with a value of less than \$650 within a period of 90 days is guilty of a misdemeanor; or (2) with a value of \$650 or more within a period of 90 days is guilty of a category C or B felony with varying terms of imprisonment and fines, depending on the value of the scrap metal. (NRS 205.267) **Section 2** of this bill: (1) similarly makes it a crime to intentionally steal, take or carry away utility property; and (2) requires a person convicted of intentionally stealing, taking or carrying away scrap metal or utility property to perform 100 hours of community service for a first offense, 200 hours of community service for a second offense and up to 300 hours of community service for any third or subsequent offense.
