AN ACT relating to public financial administration; enlarging the purposes for which a grant or loan may be made from the Disaster Relief Account; revising the process for requesting a grant or loan from the Account and for reviewing such a request; enlarging the purposes for which a local government may use money in a fund to mitigate the effects of a natural disaster; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law establishes a process by which a state agency or a local government may apply to the State Board of Examiners and the Interim Finance Committee for a grant or loan from the Disaster Relief Account, and also specifies the purposes for which that money may be used. (NRS 353.2705-353.2771) Money granted or loaned to a local government from the Account may be used, among other purposes, to pay a portion of any "grant match" the local government must provide to obtain a grant from a federal disaster assistance agency. (NRS 353.2715, 353.2725, 353.2745, 353.2751) **Sections 1, 2, 5 and 6** of this bill remove the limitation that the federal agency making such a grant must be a disaster assistance agency, with the result that money granted or loaned from the Account may be used to match a grant from any federal agency. **Section 10** of this bill makes a similar change with respect to the use of money from a fund established by a local government to mitigate the effects of a natural disaster. (NRS 354.6115)

**Sections 4 and 5** of this bill otherwise enlarge the purposes for which money granted from the Account may be used, to authorize use of the money for a project to prevent or reduce the likelihood of damage or injury resulting from a similar disaster in the future.

\* S B 4 4 R 3 \*

The remaining provisions of this bill revise the process for submitting and reviewing a request for a grant or loan from the Account. **Section 9** of this bill requires a state agency or a local government to give notice of its intention to request a grant or loan to the Division of Emergency Management of the Department of Public Safety, which forwards that notice to the State Board of Examiners and the Fiscal Analysis Division of the Legislative Counsel Bureau. **Section 9** enlarges the time within which the request must thereafter be submitted, and requires that it be submitted initially to the Division of Emergency Management and the Department of Taxation for review and comment. The request and the reports of each agency are transmitted to the State Board of Examiners and the Fiscal Analysis Division. The State Board of Examiners then considers the request and the reports and makes a recommendation to the Interim Finance Committee as provided under existing law. (NRS 353.2755, 353.276)
