AN ACT relating to the taxation of tobacco; clarifying the
wholesale price upon which the tax on certain products
made from tobacco, other than cigarettes, is calculated;
and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing law imposes a tax on the purchase or possession of products made
2 from tobacco, other than cigarettes, by a customer in this State at the rate of 30
3 percent of the wholesale price of those products. The wholesale dealer is required
4 to collect the tax and pay it to the Department of Taxation. (NRS 370.450) If the
5 wholesale dealer is not the manufacturer of those products, the "wholesale price" is
6 defined as the established price for which the manufacturer sells the products to the
7 wholesale dealer before any discount or other reduction is made. (NRS 370.440)
8 This definition is based on the traditional practice pursuant to which manufacturers
9 would sell those products directly to the wholesale dealers required to pay the tax.
10 Recently, some manufacturers have begun to sell those products to their affiliated
11 intermediaries for subsequent resale to the wholesale dealers required to pay the
12 tax. This bill clarifies that the "wholesale price" is the established price for which
13 those products are sold to the wholesale dealer, before any discount or other
14 reduction is made, irrespective of whether the wholesale dealer purchases the
15 products from the manufacturer or any other person.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:
