AN ACT relating to public financial administration; revising the
types of investments authorized to be made with money in
certain public funds; and providing other matters properly
relating thereto.

Legislative Counsel's Digest:

Existing law specifies the various types of investments that the State Treasurer or a local government may make with money in certain funds. (NRS 355.060, 355.140, 355.170, 355.171) Existing law allows the money of this State, the State Insurance Fund and the governing bodies of local governments to be used for repurchase agreements if certain requirements are met to ensure that a repurchase agreement does not violate Section 9 of Article 8 of the Nevada Constitution, including that the security which is subject to the agreement is of a type that is legal for the State or the local government to own and that ownership of the security which is subject to the agreement must actually change hands. (NRS 355.140, 355.170) Existing law also prohibits the investment of money of this State or the State Permanent School Fund, except for money invested by the Public Employees' Retirement System, in reverse-repurchase agreements. (NRS 355.060, 355.140)

Sections 1 and 2 of this bill authorize the investment of the money of this State and the State Permanent School Fund in reverse-repurchase agreements if those agreements meet certain requirements, which are similar to the requirements on repurchase agreements, to avoid a violation of Section 3 of Article 9 of the Nevada Constitution. **Sections 1 and 2** also impose additional requirements on reverse-repurchase agreements which depend upon the purpose for which the reverse-repurchase agreement is made.

Section 2 allows investments of the money of this State and the State Insurance Fund in: (1) any obligation or certificate of an agency of the United States; (2) bonds of any general improvement district which meet certain requirements; and (3) a portfolio of investments that, in aggregate value, includes up to 25 percent, rather than 20 percent, of notes, bonds or other unconditional obligations for the

payment of money issued by certain corporations or depository institutions. **Section 2** also eliminates the prohibition against investing the money of this State or the State Insurance Fund in a repurchase agreement which involves securities that have a term to maturity at the time of purchase in excess of 10 years.

Section 3 of this bill eliminates the requirement that, when the governing body of a local government purchases commercial paper issued by certain corporations or depository institutions as an investment of its money, the purchase must be made from a registered broker-dealer. **Section 3** also eliminates the prohibition against investing the money of the governing body of a local government in a repurchase agreement which involves securities that have a term to maturity at the time of purchase in excess of 10 years.

Section 4 of this bill allows investments of certain money of boards of county commissioners, boards of trustees of county school districts and the governing bodies of incorporated cities in: (1) notes, bonds and other unconditional obligations for the payment of money issued by certain corporations or banks; and (2) a portfolio of investments that, in aggregate value, includes up to 25 percent, rather than 20 percent, of notes, bonds or other unconditional obligations for the payment of money issued by certain corporations or banks.
