Legislative Counsel's Digest:

Under existing law, the operator of an off-highway vehicle is required to register the vehicle with the Department of Motor Vehicles. (NRS 490.082) Existing law also authorizes a large all-terrain vehicle to be registered as an off-highway vehicle intended to operate on certain roads that have been designated for such use if the large all-terrain vehicle has certain required equipment and the owner of the large all-terrain vehicle provides proof of liability insurance that meets the requirements for other motor vehicles that are authorized to operate on the highways of this State. (NRS 490.0825, 490.105) Existing law also requires the Department to deposit some of the money received for the registration of off-highway vehicles into a fund that is administered by the Commission on Off-Highway Vehicles, which is required to use the money for certain purposes including: (1) the funding of grants; (2) the funding of certain projects regarding trails and other facilities for use by off-highway vehicles; and (3) for safety training and education relating to off-highway vehicles. (NRS 490.068, 490.069, 490.082)

Section 5 of this bill removes the requirement for off-highway vehicles to be registered. **Section 6** of this bill revises the provisions allowing for the registration of certain large all-terrain vehicles to be operated on certain roads designated for their use by adding provisions relating to renewal of such registration, and adding provisions that exempt from such registration certain large all-terrain vehicles owned and operated: (1) by certain governmental entities; (2) by certain off-highway dealers under certain circumstances; (3) for work conducted by a public or private utility; (4) solely as part of an organized race, festival or similar event; or (5) in the conduct of certain search and rescue operations. **Section 3** of this bill authorizes the Commission on Off-Highway Vehicles to seek and receive grants, gifts and donations, and to include in certain reports submitted to the Legislature a summary of any such grants, gifts or donations. **Sections 4 and 8-10** of this bill revise provisions relating to the duties of the Department to reflect the changes made to the registration of off-highway vehicles in this bill. **Section 7** of this bill authorizes the Department to furnish to certain persons who are licensed to sell or lease off-highway vehicles special plates commonly known as "dealer plates," and **section 11** of this bill authorizes those licensees to operate a large all-terrain vehicle on certain highways for the purpose of display, demonstration, maintenance, sale or exchange if the person has obtained such a plate from the Department.
