

CHAPTER.....

AN ACT relating to chiropractic; authorizing the President, or a designated member, of the Chiropractic Physicians' Board of Nevada to require certain chiropractic physicians or chiropractor's assistants to submit to a mental or physical examination under certain circumstances; providing that the results of such an examination or the details of a chiropractic physician or chiropractor's assistant's participation in a diversion program to address alcohol or drug misuse may be exchanged with the Board; revising the unprofessional conduct for which a practitioner of chiropractic may be subject to discipline; revising the requirements for a license to practice chiropractic; providing a waiver of fees for certain applicants for a temporary license to practice chiropractic; revising the requirements for the reinstatement of a license to practice chiropractic; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law provides for the licensing, certification and regulation of practitioners of chiropractic. (Chapter 634 of NRS) Existing law also authorizes the various licensing boards for physicians, homeopathic physicians, osteopathic physicians, veterinary practitioners and certain therapists and counselors to require a licensee to submit to a mental or physical examination if the licensee's competence is questioned. (NRS 630.318, 630A.420, 633.561, 638.142, 641A.315) **Section 1** of this bill authorizes the President, or a designated member, of the Chiropractic Physicians' Board of Nevada to require that a licensed chiropractic physician or certified chiropractor's assistant submit to a mental or physical examination if his or her competence is questioned. **Section 1** also provides that the results of such an examination or of a diversion program for the treatment of alcohol or drug misuse by the person are not privileged. Existing law defines the term "unprofessional conduct" for which a practitioner of chiropractic may be subject to discipline. (NRS 634.018) **Section 2** of this bill revises this definition by: (1) expanding the types of misleading public communications to include letterhead and electronic communications, such as social media and Internet websites; and (2) changing repeated malpractice as a grounds for discipline to any single incident of malpractice. Existing law enumerates the requirements for a license to practice chiropractic. (NRS 634.090) **Section 3** of this bill revises those requirements to include chiropractic training and education from certain foreign schools under certain circumstances. Existing law requires an applicant for a temporary license to practice chiropractic to pay an application fee. (NRS 634.115) **Section 4** of this bill waives the application fee for an applicant for a temporary license who applies for a temporary license solely to provide chiropractic services to a patient in this State without remuneration. **Section 5** of this bill revises the date by which the fee for renewal of a license or certificate must be paid. **Section 6** of this bill requires a licensee whose license has expired and who is applying to reinstate the license to submit a set of his or her fingerprints and pay a fee for the processing of the fingerprints.
