Retirement System killed in the course of employment;

**Legislative Counsel's Digest:**

Existing law sets forth several benefit options for the surviving spouse of a  
deceased member of the Public Employees' Retirement System. (NRS 286.674-  
286.6766) Existing law also sets forth several benefit options for the survivor  
beneficiary of a deceased member of the System if the member is unmarried on the  
date of the member's death. (NRS 286.6767-286.6769) **Section 1.3** of this bill  
provides an additional benefit option for the surviving spouse of a member who is  
killed in the line of duty or the course of employment, as applicable. This additional  
option authorizes the surviving spouse to elect to receive a benefit that is the  
equivalent to the greater of: (1) fifty percent of the salary of the member on the date  
of the member's death; or (2) one hundred percent of the retirement allowance that  
the member was eligible to receive based on the member's years of service  
obtained before the member's death without any reduction for age for the deceased  
member. **Section 1.5** of this bill provides that this additional benefit option is  
available to a survivor beneficiary if the deceased member is unmarried on the date  
of the member's death.
