AN ACT relating to governmental administration; revising provisions governing the base for allocating costs of the Division of Human Resource Management of the Department of Administration to state agencies; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Administrator of the Division of Human Resource Management of the Department of Administration to provide state agencies with an estimate of the cost of carrying out the functions of the Division for the succeeding 2 years in preparation for the budget for each biennium. The estimate must be expressed as a percentage of gross annual salaries paid. (NRS 284.115) This bill eliminates the requirement that the estimate be expressed as a percentage of gross annual salaries paid.
