AN ACT relating to care of children; requiring the State Board of Health to adopt regulations ~~prescribing guidelines for meals and snacks provided to children at child care facilities and~~ setting forth certain requirements for child care facilities relating to breastfeeding and physical activity; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law requires a child care facility to be licensed by the State Board of Health or, if the county or city in which the child care facility is located requires child care facilities to be licensed, by such a county or city. If a city or county licenses child care facilities, the city or county is required to adopt standards and regulations governing child care facilities that are at least as stringent as those adopted by the Board. Section 2 also: (1) allows a child, upon the request of a parent or guardian, to receive meals and snacks that do not comply with the guidelines; and (2) provides that the guidelines do not apply to any meal prepared by a parent or guardian and brought to a child care facility by a child or a parent or guardian.~~

**Section 3** of this bill requires the Board to adopt regulations that: (1) require a child care facility to provide an appropriate, private space where mothers may breastfeed; (2) require certain child care facilities to provide a program of physical activity; and (3) prohibit a child care facility from withholding or requiring physical activity as a form of discipline.
