AN ACT relating to insurance; establishing a tax credit for an insurer who meets certain criteria related to economic development in this State; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law establishes a 3.5 percent tax on the net direct premiums and net direct considerations of an insurer transacting business in this State. (NRS 680B.027) Existing law also provides for a tax credit of up to 80 percent against this tax for an insurer who meets certain criteria related to economic development in this State. (NRS 680B.050) Beginning January 1, 2016, the aggregate amount of the credits may not exceed \$5,000,000, allocated on a pro rata basis among all insurers eligible for the credit, and the credit is scheduled to expire on January 1, 2021. (NRS 680B.050; Chapter 1, Statutes of Nevada 2014, 28th Special Session, p. 3)

**Section 2** of this bill establishes a tax credit of up to 80 percent against the tax imposed by NRS 680B.027 for an insurer who meets certain criteria related to economic development. In addition, **section 2** provides that an insurer who has received 10 years of credits under NRS 680B.050 is ineligible to receive the new credit and that, for all other insurers, the amount of the new credit in any given year must be reduced by the amount of any credit taken pursuant to NRS 680B.050. ~~Further, section 2 specifies that an insurer is only eligible for the tax credit if certain tax collections have exceeded projections.~~

**Section 3** of this bill establishes the criteria an insurer must meet to qualify for the tax credit in **section 2**. Specifically, an insurer must execute an agreement with the Office of Economic Development providing that the insurer will: (1) have 250 or more full-time employees in this State; (2) maintain and own a principal or regional office in this State in which they have made an investment of \$10,000,000 or more; (3) pay an hourly wage that is equal to or greater than the average statewide hourly wage as established by the Employment Security Division of the Department of Employment, Training and Rehabilitation; and (4) provide health insurance for all of its employees in this State and their dependents. In addition, **section 3** provides that an insurer who fails to meet the requirements in the agreement or who ceases operations before the time specified in the agreement is required to repay the Department of Taxation the amount of any credit taken before the failure of the insurer to comply with the provisions of the agreement, plus interest. **Sections 7 and 8** of this bill provide for the tax credit in **section 2** to be treated like economic development tax abatements for the purposes of reporting and analysis. **Sections 9-11** of this bill account for the January 1, 2021, expiration of the tax credit authorized by NRS 680B.050 while retaining statutory language necessary for the operation of the new tax credit in **section 2**. In particular,

**section 10** of this bill provides that the tax credit authorized by NRS 680B.050 will no longer be available on or after January 1, 2021.
