S.B. No. 185—Makes temporary changes relating to fire and related emergency services in certain counties. (BDR 42-121)

SENATE BILL NO. 185—SENATOR KIECKHEFER

FEBRUARY 23, 2015

---

Referred to Committee on Government Affairs

SUMMARY—Makes temporary changes relating to fire and related emergency services in certain counties. (BDR 42-121)

FISCAL NOTE: Effect on Local Government: May have Fiscal Impact.  
Effect on the State: No.

~

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets [~~omitted material~~] is material to be omitted.

---

---

AN ACT relating to suppression of fires; temporarily requiring the entity that is responsible for the closest emergency fire-fighting vehicle to respond to and suppress certain fires in certain counties; exempting an airport authority located in certain counties from this requirement; requiring certain entities to negotiate an automatic aid agreement concerning certain matters; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

1 Existing law authorizes the municipalities of this State to provide fire protection services.  
2 (NRS 268.730) Existing law also authorizes the creation of districts for a fire department by  
3 boards of county commissioners and the creation of fire protection districts and county fire  
4 protection districts. (NRS 244.2961, 473.034, 474.110, 474.460) **Section 1** of this bill  
5 requires, in a county whose population is 100,000 or more but less than 700,000 (currently  
6 Washoe County), the entity that is responsible for the emergency fire-fighting vehicle located  
7 closest to a structure or brush fire to respond to and take all actions necessary to suppress the  
8 fire regardless of whether the location of the fire falls within the territory served by the entity.  
9 Section 1 exempts an airport authority in such a county and any vehicle or firefighter of  
10 such an airport authority from this requirement. Section 1 additionally: (1) requires  
11 each entity, other than an airport authority which maintains an emergency fire-fighting  
12 vehicle in such a county, to negotiate an automatic aid agreement with each other such  
13 entity which addresses the reimbursement of costs, geographic areas of coverage or any  
14 other relevant issue or any combination thereof; and (2) provides that a failure to reach  
15 an automatic aid agreement does not exempt an entity from complying with the  
16 requirement to respond to a fire if it is responsible for the emergency fire-fighting  
17 vehicle located closest to the fire. Section 2 of this bill provides that the provisions of18 section 1 expire by limitation on June 30, 2017.

---

1 WHEREAS, The provision of fire protection and related emergency services is  
2 fundamental to what the people of this State expect from their local governments;  
3 and

4 WHEREAS, Providing such services in a timely, effective and efficient manner  
5 is critical to the protection of life and property; and

1       WHEREAS, The infighting that has continuously occurred for several years  
2 between the entities that provide fire protection and related emergency services in  
3 Washoe County threatens the lives and property of the people of this State who  
4 reside in that county; and

5       WHEREAS, The failure of the local governments in Washoe County to resolve  
6 this dispute in a timely manner now requires the Nevada Legislature to intervene  
7 and ensure that the lives and property of the people of this State who reside in  
8 Washoe County are no longer put at risk by the reluctance of these entities to find  
9 an agreement that protects their residents; now, therefore,

10      THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN  
11       SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

12      **Section 1.** Chapter 475 of NRS is hereby amended by adding thereto a new  
13 section to read as follows:

14       1. Notwithstanding any provision of law to the contrary, in a county whose  
15 population is 100,000 or more but less than 700,000, the entity that is responsible  
16 for the emergency fire-fighting vehicle located closest to a structure or brush fire  
17 , unless that entity is described in subsection 4, shall respond to and take all  
18 actions necessary to suppress the fire regardless of whether the fire occurs within  
19 the territory served by the entity.

20       2. Each entity, other than an airport authority which maintains an  
21 emergency fire-fighting vehicle in a county whose population is 100,000 or more  
22 but less than 700,000, shall negotiate an automatic aid agreement with each other  
23 such entity to address:

24       (a) The reimbursement of costs for actions to suppress fires pursuant to  
25 subsection 1;

26       (b) Geographic areas to be covered by each entity, except that any such  
27 geographic areas must be established so that, at a minimum, the entity  
28 responsible for the emergency fire-fighting vehicle located closest to a structure  
29 or brush fire is required to respond to the fire as described in subsection 1; or

30       (c) Any other issues relating to the requirements of subsection 1 identified by  
31 the entities.

32       3. The failure of an entity to enter into an automatic aid agreement  
33 pursuant to subsection 2 does not exempt the entity from the requirements  
34 imposed by subsection 1.

35       4. The provisions of subsection 1 do not apply to an airport authority or to  
36 any emergency fire-fighting vehicle or firefighter of an airport authority.

37      Sec. 2. This act expires by limitation on June 30, 2017.
