AN ACT relating to crimes; prohibiting a person from selling, distributing or offering to sell vapor products and alternative nicotine products to any child under the age of 18 years; requiring the owner of a retail establishment to display a notice containing certain information whenever vapor products or alternative nicotine products are being sold or offered for sale at the establishment; prohibiting a retailer from selling vapor products or alternative nicotine products through the use of certain types of displays; requiring the Attorney General to conduct inspections at locations where vapor products or alternative nicotine products are sold, distributed or offered for sale as necessary to comply with any applicable federal law; imposing certain fines; providing a civil penalty; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law prohibits a person from selling, distributing or offering to sell cigarettes or smokeless products made or derived from tobacco in any form other than in an unopened package which originated with the manufacturer and bears any health warning required by federal law. (NRS 202.2493) **Section 2** of this bill applies such a prohibition to alternative nicotine products. **Section 2** also defines the term "smokeless product made or derived from tobacco."

Existing law also prohibits a person from selling, distributing or offering to sell cigarettes, cigarette paper, tobacco or products made or derived from tobacco to any child under the age of 18 years. A person who violates such a provision must pay a fine of not more than \$500 and a civil penalty of not more than \$500. (NRS 202.2493) **Section 2** prohibits a person from selling, distributing or offering to sell vapor products or alternative nicotine products to any child under the age of 18 years, and requires a person who violates such a provision to pay the same fine and civil penalty.

Existing law further requires the owner of a retail establishment to display a notice containing information relating to the prohibition against selling cigarettes and other tobacco products to minors whenever any product made or derived from tobacco is being sold or

offered for sale at the establishment. A person who violates such a provision must pay a fine of not more than \$100. (NRS 202.2493) **Section 2** requires the owner of a retail establishment to display a notice containing information relating to the prohibition against selling vapor products and alternative nicotine products to minors whenever vapor products or alternative nicotine products are being sold or offered for sale at the establishment, and requires a person who violates such a provision to pay the same fine.

Existing law generally prohibits a retailer from selling cigarettes through the use of any type of display: (1) which contains cigarettes and is located in any area to which customers are allowed access; and (2) from which cigarettes are readily accessible to a customer without the assistance of the retailer. A person who violates such a provision must pay a fine of not more than \$500. (NRS 202.2493) Section 2 additionally prohibits a retailer from selling vapor products and alternative nicotine products through the use of any such type of display which contains vapor products or alternative nicotine products, and requires a person who violates such a provision to pay the same fine.

Additionally, existing law requires the Attorney General, as necessary to comply with applicable federal law, to conduct random, unannounced inspections at locations where tobacco and products made or derived from tobacco are sold, distributed or offered for sale to inspect for and enforce compliance with certain provisions of law, including the prohibition against selling such products to a child under the age of 18 years. (NRS 202.2493, 202.2496) **Section 3** of this bill requires the Attorney General, as necessary to comply with any applicable federal law, to conduct such an inspection at locations where vapor products or alternative nicotine products are sold, distributed or offered for sale to inspect for and enforce compliance with certain provisions of law relating to the prohibition against selling vapor products and alternative nicotine products to a child under the age of 18 years, as set forth in **section 2**.

**Section 1** of this bill defines the terms “vapor product” and “alternative nicotine product” for the purposes of **sections 2 and 3**.
