AN ACT relating to workers' compensation; limiting the amount of a controlled substance that certain providers of health care may dispense to an injured employee; revising provisions related to the time that an insurer has to pay a bill submitted by a provider of health care; revising provisions relating to injured employees who were injured while intoxicated or under the influence of a controlled or prohibited substance; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

This bill revises various provisions of the Nevada Industrial Insurance Act which provides for the payment of compensation to employees who are injured or disabled as a result of an occupational injury or disease. (Chapters 616A-616D of NRS)

Section 1 of this bill sets forth that a provider of health care (not including a pharmacist or hospital) may dispense only an initial 15-day supply of a schedule II or III controlled substance to an injured employee. In addition, the provider of health care must include the original manufacturer's National Drug Code for the drug on all bills and reports submitted to the insurer. ~~(Section 1 also provides that an insurer that provides coverage for prescription drugs must provide coverage for any drug: (1) prescribed for a covered indication that is approved by the United States Food and Drug Administration for the indication; (2) recognized in a standard reference compendia for treatment of the indication; or (3) is substantially accepted for treatment for the indication in peer-reviewed medical literature.)~~

Existing law provides a two-step process for an insurer to pay a bill submitted by a provider of health care. First, the insurer must approve or deny the bill within 30 days of receipt. Second, if the insurer approves the bill, they must pay the bill within 30 days of the approval. (NRS 616C.136) **Section 2** of this bill consolidates these two steps and requires that an insurer pay or deny a bill within 45 days after receipt.

Existing law provides that compensation is not payable to an employee whose injury is proximately caused by the employee's intoxication or use of a controlled substance. Existing law also provides a rebuttable presumption that an employee's intoxication or use of a controlled substance at the time of the injury is the proximate cause of the injury. (NRS 616C.230) **Section 3** of this bill revises these provisions by replacing them with a requirement that the employee not receive compensation whenever an injury occurs to the employee while the employee is intoxicated or under the influence of a controlled or prohibited substance, unless the employee can prove by clear and convincing evidence that his or her intoxication or

being under the influence of a controlled or prohibited substance was not the proximate cause of the injury. Further, **section 3** provides that the employee is intoxicated or under the influence of a controlled or prohibited substance for the purposes of not receiving compensation whenever the employee meets or exceeds the limits for intoxication or use of a controlled or prohibited substance as set forth in NRS 484C.110, which prescribes such limits in the context of driving under the influence. In addition, **section 3** provides that the results of any alcohol or drug test performed as a result of an injury must be made available to an insurer or employer upon request.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 616C of NRS is hereby amended by adding thereto a new section to read as follows:

1. With respect to drugs prescribed and dispensed directly to an injured employee by a provider of health care:

(a) The provider of health care may dispense an initial supply of a controlled substance which is listed in schedule II or III by the State Board of Pharmacy pursuant to NRS 453.146 to an injured employee. Any controlled substances prescribed to an injured employee beyond the initial supply must be filled by a pharmacy that is registered with the State Board of Pharmacy.

(b) The provider of health care shall include the original manufacturer's National Drug Code, as assigned by the United States Food and Drug Administration, on all bills and reports submitted to an insurer pursuant to this chapter.

(c) A repackaged National Drug Code must not be used and must not be considered an original manufacturer's National Drug Code for the purposes of this section.

(d) A provider of health care who provides care on an outpatient basis may not charge an insurer or seek reimbursement for dispensing a nonprescription drug to an injured employee.

~~2. An insurer who provides coverage for prescription drugs shall provide coverage for any drug prescribed to treat a covered medical condition if the drug:~~

~~(a) Has been approved by the United States Food and Drug Administration for the treatment of at least one medical condition;~~

~~(b) Is recognized in a standard reference compendia for treatment of the covered medical condition; or~~

~~(c) Is substantially accepted for treatment of the covered medical condition in peer-reviewed medical literature.~~

Sec. 2. NRS 616C.136 is hereby amended to read as follows:

616C.136 1. Except as otherwise provided in this section, an insurer shall ~~approve or deny a bill for accident benefits received from a provider of health care within 30 calendar days after the insurer receives the bill. If the bill for accident benefits is approved, the insurer shall~~ pay ~~the~~ or deny a bill for accident benefits received from a provider of health care within ~~30~~ 45 calendar days after ~~it is approved.~~ the insurer or third-party administrator receives the bill. Except as

otherwise provided in this section, if the ~~approved~~ bill for accident benefits is not paid within that period, the insurer shall pay interest to the provider of health care at a rate of interest equal to the prime rate at the largest bank in Nevada, as ascertained by the Commissioner of Financial Institutions, on January 1 or July 1, as the case may be, immediately preceding the date on which the payment was due, plus 6 percent. The interest must be calculated from ~~30~~ 45 calendar days after the date on which the bill is ~~approved~~ received until the date on which the bill is paid.

2. If an insurer needs additional information to determine whether to ~~approve~~ pay or deny a bill for accident benefits received from a provider of health care, the insurer shall notify the provider of health care of his or her request for the additional information within 20 calendar days after the insurer receives the bill. The insurer shall notify the provider of health care of all the specific reasons for the delay in ~~approving~~ paying or denying the bill for accident benefits. Upon the receipt of such a request, the provider of health care shall furnish the additional information to the insurer within 20 calendar days after receiving the request. If the provider of health care fails to furnish the additional information within that period, the provider of health care is not entitled to the payment of interest to which the provider of health care would otherwise be entitled for the late payment of the bill for accident benefits. The insurer shall ~~approve~~ pay or deny the bill for accident benefits within 20 calendar days after the insurer receives the additional information. ~~{If the bill for accident benefits is approved, the insurer shall pay the bill within 20 calendar days after the insurer receives the additional information.}~~ Except as otherwise provided in this subsection, if the ~~approved~~ bill for accident benefits is not paid within that period, the insurer shall pay interest to the provider of health care at the rate set forth in subsection 1. The interest must be calculated from 20 calendar days after the date on which the insurer receives the additional information until the date on which the bill is paid.

3. An insurer shall not request a provider of health care to resubmit information that the provider of health care has previously provided to the insurer, unless the insurer provides a legitimate reason for the request and the purpose of the request is not to delay the payment of the accident benefits, harass the provider of health care or discourage the filing of claims.

4. An insurer shall not pay only a portion of a bill for accident benefits that ~~has been approved and~~ is fully payable.

5. The Administrator may require an insurer to provide evidence which demonstrates that the insurer has substantially complied with the requirements of this section, including, without limitation, payment within the time required of at least 95 percent of ~~approved~~ accident benefits. ~~{for at least 90 percent of the total dollar amount of approved accident benefits.}~~ If the Administrator determines that an insurer is not in substantial compliance with the requirements of this section, the Administrator may require the insurer to pay an administrative fine in an amount to be determined by the Administrator.

6. The payment of interest provided for in this section for ~~the~~ a late payment ~~{of an approved claim}~~ may be waived only if the payment was delayed because of an act of God or another cause beyond the control of the insurer.

7. Payments made by an insurer pursuant to this section are not an admission of liability for the accident benefits or any portion of the accident benefits.

Sec. 3. NRS 616C.230 is hereby amended to read as follows:
