

CHAPTER.....

AN ACT relating to motor vehicles; revising the speed limit that is specific to school buses that are transporting pupils; making a conforming change in the provisions governing pupils who have a restricted driver's license; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that it is unlawful for any person to drive or operate a vehicle of any kind at a rate of speed that: (1) is greater than is reasonable or proper considering all the relevant conditions; (2) endangers the life, limb or property of any person; or (3) is greater than that posted by a public authority for the particular portion of highway being traversed. (NRS 484B.600) Existing law also provides that a school bus shall not exceed a speed of 55 miles per hour when transporting pupils to and from school or any activity which is properly a part of a school program. (NRS 484B.360) **Section 2** of this bill replaces that restriction for a school bus when transporting pupils to and from those school activities with a requirement that the school bus not exceed the speed limit posted by a public authority for the portion of highway upon which the school bus is traveling.

Existing law also limits the speed at which a pupil between the ages of 14 and 18 years who has a restricted license may travel to the same maximum speed established for a school bus. **Section 1** of this bill replaces the reference to the speed limit set by law for school buses, which was revised by **section 2** with a reference to the actual maximum speed of 55 miles per hour.
