AN ACT relating to financial administration; revising provisions relating to the Office of Grant Procurement, Coordination and Management of the Department of Administration; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Office of Grant Procurement, Coordination and Management of the Department of Administration is required to provide assistance to state agencies with respect to grants, including researching, identifying and writing grants for state agencies and making state agencies aware of grant opportunities. State agencies are required to notify the Office of any grant for which the state agency applies or which the state agency receives. (NRS 232.222-232.227) **Section 2** of this bill imposes the additional duty on a state agency of notifying the Office of the amount of any portion of a grant received by the state agency that the state agency determines will be unexpended by the end of the period for which the grant was made. **Section 1** of this bill requires the Office to serve as a clearinghouse for disseminating information relating to unexpended grant money of state agencies by: (1) compiling and updating periodically a list of the grants and unexpended amounts thereof for which the Office received notification pursuant to **section 2**; and (2) making the list available on the Internet website maintained by the Department of Administration.
