

Responses from Boards and Commissions
A.B. 89 / BDR 53 - 295

Board: Board of Examiners for Audiology and Speech Pathology Approved by: Loretta Ponton, Executive Director Comment: BDR 53-295 has been reviewed and it has been determined that the requirements outlined in Sec 9 through 12 may have a fiscal impact on the Board; Sec 9 paragraph 5 reduces fees for examinations and initial licensure; fees are the sole funding source for the Board as the Board does not receive state General funds; additional requirements for licensure would require regulatory changes as well as revisions to applications, forms and data reporting systems. The amount of fiscal impact cannot be determined at this time.

Board: **Board of Medical Examiners**

Approved by: Todd Rich, Deputy Executive Director

Comment: The Nevada State Board of Medical Examiners has reviewed BDR 53-295 and determined that there is a fiscal impact. If adopted as currently written, there will be a need for the creation of a new license type (new endorsement or other name for the new license type) to allow this license type to renew online in the Board's software system.

Impact: \$4600 initial license type set up fee – System Automation / IT update

\$2400 renewal license type biennial use fee – System Automation / IT Update

There is also the potential in a slight reduction in licensing fees collected by the Board, but this impact should be minimal.
