The Nevada Department of Conservation and Natural Resources has reviewed BDR 45-613, which would convert the Department of Wildlife into the Division of Wildlife of the State Department of Conservation and Natural Resources. DCNR believes there would be at least some fiscal impact to the Department, but the actual impact is difficult to determine at this time. The impact could include increased travel costs between Reno and Carson City (DCNR headquarters is in Carson City and the Wildlife offices are in Reno), printing costs for changes to letterhead, business cards, and other printed materials, etc.
