Explanation

(Use Additional Sheets of Attachments, if required)

BDR 57-688 requires coverage for any abuse-deterrent opiod analgesic drug which is lawfully prescribed or ordered. Although the Public Employees' Benefits Program provides coverage for abuse-deterrent opiod analgesic drugs prescribed by a licensed medical provider it does use a formulary for such drugs which may not include all abuse-deterrent opiod drugs. This requirement may have a fiscal impact on PEBP, however the cost cannot be determined at this time.
