Explanation

(Use Additional Sheets of Attachments, if required)

This legislation would create a 5 member Advisory Commission that would meet during the interim before sessions during which reapportionment and redistricting will be considered by the Legislature. The cost estimates above are based on the assumption that the commission would meet 6 times and that 2 of the Commission members would need to fly to all meetings.

Expenditures would not be incurred until the 2019-2021 biennium unless the Commission is required to meet in between decennial census periods pursuant to section 14 of the legislation. If meetings between decennial census periods were necessary, they would be funded by the Legislative Commission.
