Local Government Responses
S.B. 157 / BDR 22 - 706

City/County: City of Henderson Approved by: Mike Cathcart, Business Operations Manager Comment: While it's difficult to estimate the activity that would result from the implementation of this legislation, the assumption is that it would be somewhat infrequent, and would be handled by City Attorney's Office staff in the ordinary course of department business. There is no significant fiscal impact to the City.

City/County: **Churchill County**

Approved by: Eleanor Lockwood, County Manager

Comment: Bill 22-706 seeks to facilitate cooperation, coordination and communication between state agencies and local governments to provide consistency in interpretive rulings by state agencies and local governments. The fiscal impact would be the increase in staff time to review the materials. However, this investment in time prior to any rulings should be offset by the reduction in the number of appeals or contentions by the local governments.

City/County: **White Pine County**

Approved by: Elizabeth Frances, Finance Director

Comment: This has the potential of adverse impact on the County in the form of additional expense. If the State issues an "interpretive ruling" that is inconsistent with County procedure it may require staff time and County resources to conform to the State's new ruling. However, an overall cost cannot be estimated because the scope of impact cannot be determined at this time.
