Board: **State Board of Pharmacy**

Approved by: S. Paul Edwards, General Counsel

Comment: The Nevada State Board of Pharmacy's Staff has reviewed the proposed regulation and believes that it will have a fiscal impact on the Board. The requirements of the statute could easily be triggered in any rulemaking and/or disciplinary matter before the Board where the interpretation of a drug-related regulation is at issue (including Schedule I - V Controlled Substances). Drug-related regulations can have far reaching implications for a variety of local governments, so notifying and gathering comments from each could take a substantial amount of time. The impact would be the need for an additional staff member (fte).
