Explanation

(Use Additional Sheets of Attachments, if required)

BDR 43-1071 requires the Department to design, program, test, and issue five new license plates that would include the international symbol of access on the following currently issued plates: Pearl Harbor Veteran, Pearl Harbor Survivor, Purple Heart, Ex Prisoner of War, and Medal of Honor.

The Department would need to create and/or revise license plate applications and policies and procedures as well as complete the necessary programming for these plates. Programming is estimated at 374 hours, which will be done with existing IT staff. Due to the Department's existing priorities and mandates and the programming hours needed to complete the requirements, the implementation date of October 1, 2015 cannot be met.

The Department has reviewed this BDR and determined that there is no fiscal impact.
