BDR 24-926 (AB245) relating to elections increasing the penalty from a category E felony to a category D felony for a person who: (1) provides or encourages another person to provide false information in connection with an application to register to vote; or (2) registers to vote or aids another person in registering to vote knowing that he or she is not or will not be a qualified elector at the next election. If enacted, the General Services Division (GSD) would need to create five new Nevada Offense Code (NOC) structures and repeal or deactivate five existing NOCs. The NOCs are used by all Nevada criminal justice agencies to share arrest and booking information electronically with GSD's Criminal History Repository and the Administrative Office of the Courts. The revisions and additions of the NOCs can be a time and labor-intensive effort depending upon the complexity of the crimes. As of March 12, 2015, the cumulative impact of legislation from the 2013 session combined with the current cumulative impact of the 2015 session has necessitated additional staffing. GSD will return to the Interim Finance Committee in the 2016-2017 biennium to request additional staffing based upon the final 2015 session cumulative impact of the NOCs.
