No Impact	\$0	\$0	\$0	\$0

School District: Clark County School District Approved by: Nikki Thorn, Deputy CFO Comment: CCSD does not expect this bill to have fiscal impact. As the bill is written, the state will create the template and CCSD will continue to complete the plans following best practices. This should not change the way we currently operate nor should it have any additional cost.				
Impact	FY 2014-15	FY 2015-16	FY 2016-17	Future Biennia
No Impact	\$0	\$0	\$0	\$0

School District: Douglas County School District Approved by: HOLLY LUNA, CFO, BUSINESS SERVICES Comment: The Bill would require: Department of Education to develop a model plan for the management of a crisis or emergency that involves a public or private school; requiring plans for responding to a crisis or emergency in public schools, charter schools and private schools to include the plans, procedures and information included in the model plan developed by the Department. Douglas County School District currently has district and site safety committees that create safety plans for crises as dictated by state law. This bill would have the plans DCSD committees currently write 1) conform to the Nevada Department of Education crises plans 2) send district and site plans to the NDE. The changes proposed by this bill would not have a fiscal obligation for DCSD unless the NDE crises plans create unfunded mandates.

Approved by: Paul Johnson, CFO

Comment: The District already has a crisis response plan and active committee. Each school develops an annual evacuation calendar that features a different type of evacuation drill each month. Any modifications of the existing plan caused by BDR 34-404 should be accommodated within the existing framework.
