Explanation

(Use Additional Sheets of Attachments, if required)

Section 13 of this legislation provides that Nevada delegates and alternate delegates to an Article V convention serve without compensation but are entitled to receive the per diem allowance provided for state officers and employees generally and travel expenses for Legislators provided pursuant to NRS 218A.655. The costs for per diem and travel would be paid from the Legislative Fund.

Because the legislation requires the Legislature or the Legislative Commission to appoint the delegates to an Article V convention when one is called, the Legislature or the Legislative Commission would approve the expenditure of money from the Legislative Fund to support the travel and per diem costs of the delegates at the time they are appointed. The balance in the Legislative Fund is maintained at a level that would support the expenditures when required and approved by the Legislature or the Legislative Commission.
