(Use Additional Sheets of Attachments, if required)

SB289 (BDR 19-892) revises provisions relating to the protection of technology. Specifically, relating to homeland security; requiring each provider of Internet protocol service which serves an agency or political subdivision of this State to maintain certain peering arrangements within this State; and providing other matters properly relating thereto. As the bill was introduced, the projected impact to the Nevada Division of Emergency Management (NDEM) cannot be determined at this time.
