Explanation

(Use Additional Sheets of Attachments, if required)

Authorizes the Director of NDOT to adopt regulations to enforce compliance with the conditions of an environmental permit issued to the Department by any state or federal agency or any plan or program adopted by the Department as a condition of such a permit. This bill provides that a person violating such a regulation is guilty of a gross misdemeanor. This bill requires no additional expenditure authority; however, permit enforcement authority is necessary to enable NDOT to enforce the terms and conditions of permits issued to prevent illegal storm water emissions from properties adjacent state routes from entering storm water drainage systems leading to protected lakes and streams.
